MEMORANDUM FOR THE RECORD

SUBJECT: STATINTL

I interviewed [] of OSI. He is a lawyer on military leave from [] He is about to go back to inactive status with the Navy, and is trying to decide whether to go back to his New York firm or stay on with the Agency. If he could transfer to this Office, he would stay on and he might consider other jobs which would use his training.

Under the present circumstances, however, he will probably go back to his firm. Since he has had only one year practice, it might be well for him to get some more private experience and then see if he would come back to the Government.
